

Creating a Patient Visit in Intellicure EHR

1 Navigate to <https://www.intellicureehr.com/>

CREATING A PATIENT

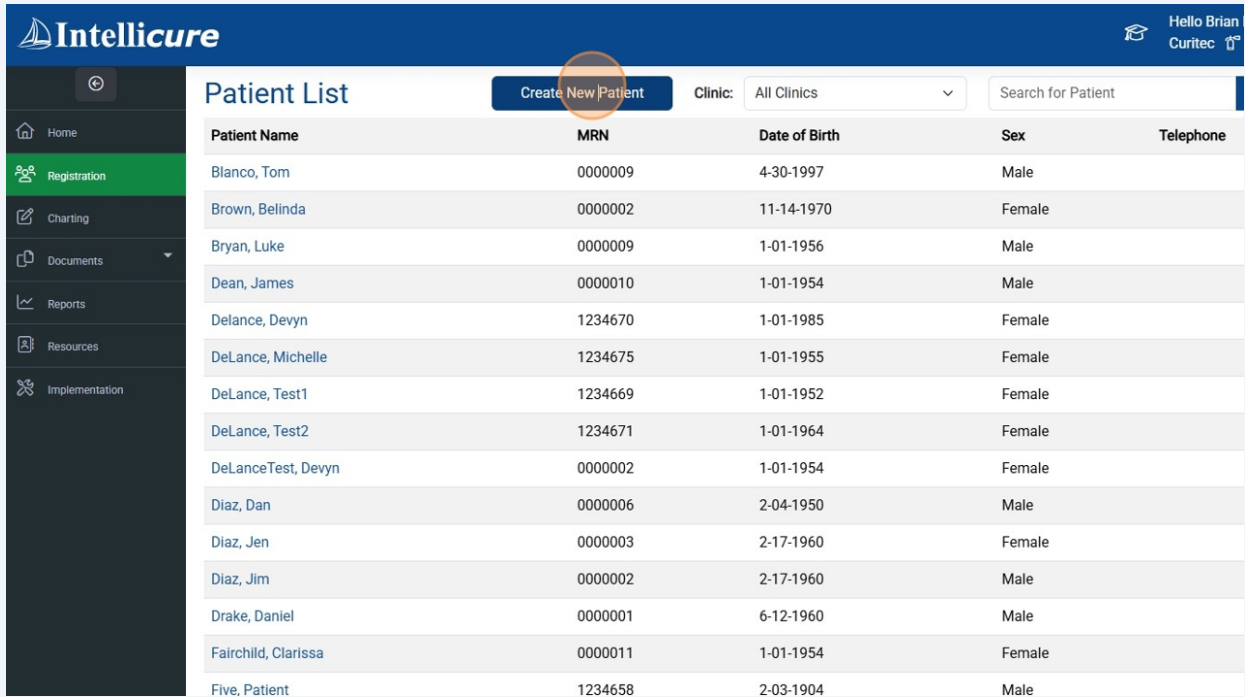

2 Click "Registration"

The screenshot displays the Intellicure EHR interface. The top navigation bar is dark blue with the Intellicure logo on the left and a user greeting 'Hello Brian Curitec' on the right. Below the navigation bar, there are two buttons: 'Fax History' and 'OrderTrak Orders'. The main content area is titled 'Quality Dashboard'. On the left side, there is a vertical sidebar with a dark background and white text for the following menu items: Home, Registration, Charting, Documents, Reports, Resources, and Implementation. The 'Registration' item is highlighted with an orange circle. The main content area shows a table with two columns: 'Physician' and 'MIPS Composite Score'. The table lists four physicians: FIFE, CAROLINE M.D. - Certified EHR; Test, Physician D.D.S. - Certified EHR; Doc, New D.O. - Certified EHR; and RUFF, PAUL D.P.M. - Certified EHR. Each physician name is followed by a horizontal bar representing the MIPS Composite Score. At the bottom of the main content area, there is a paragraph of text: 'As an Intellicure user, you have the ability to continuously monitor how you are performing on an aggregate basis under all components of the Merit-based Incentive Payment System (MIPS) for the 2025 program year.' On the right side of the dashboard, there is a sidebar with a light gray background. It contains the text 'Your Free of iMeasu Now Re', a link 'Click here to down and view the train intellicure.com/im', and a button 'Contact Intellicure Co to activate the f'. Below this text is a smartphone displaying a medical image of a patient's leg with a wound, and a button 'Save Measurment'.

Physician	MIPS Composite Score
FIFE, CAROLINE M.D. - Certified EHR	
Test, Physician D.D.S. - Certified EHR	
Doc, New D.O. - Certified EHR	
RUFF, PAUL D.P.M. - Certified EHR	

As an Intellicure user, you have the ability to continuously monitor how you are performing on an aggregate basis under all components of the Merit-based Incentive Payment System (MIPS) for the 2025 program year.

3 Click Create New Patient.

13 Select the insurance from the Carrier dropdown.

The screenshot shows the 'Add Patient Insurance' modal form. The 'Insurance Carrier' dropdown is highlighted with an orange circle and contains the text 'Medicare'. The 'Type' dropdown is also visible, showing 'Select Type'. The form includes fields for 'Order', 'Policy Number', 'Plan Code', 'Group Name', 'Network Number', 'Group Number', 'Effective Date' (set to 2/12/2025), and 'Expiration Date'. The background shows the Intellicure interface with a sidebar and a patient information section.

14 Select Medicare or Commercial from the Type dropdown.

The screenshot shows the 'Add Patient Insurance' modal form. The 'Type' dropdown is highlighted with an orange circle and contains the text 'Medicare'. The 'Insurance Carrier' dropdown is also visible, showing 'Medicare'. The form includes fields for 'Order', 'Policy Number', 'Plan Code', 'Group Name', 'Network Number', 'Group Number', 'Effective Date' (set to 2/12/2025), and 'Expiration Date'. The background shows the Intellicure interface with a sidebar and a patient information section.

15 Select Primary or Secondary

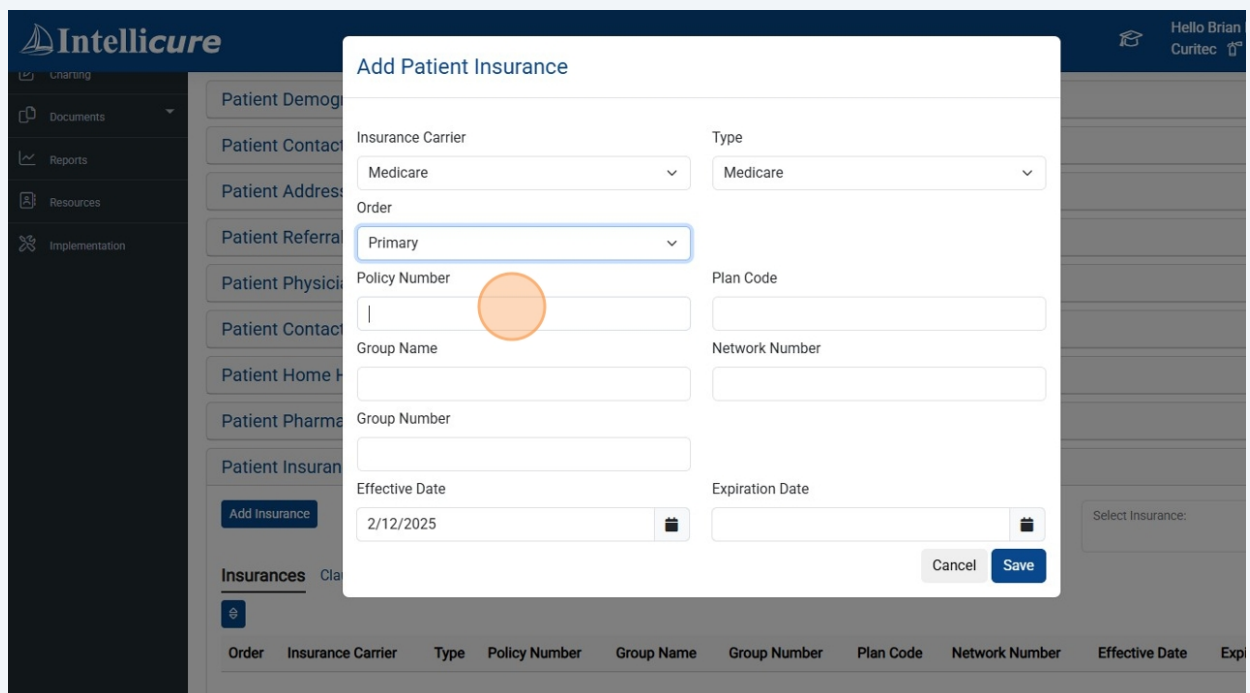

The screenshot shows the Intellicure web application interface. A modal window titled "Add Patient Insurance" is open. The form contains the following fields:

- Insurance Carrier: Medicare (dropdown)
- Type: Medicare (dropdown)
- Order: Primary (dropdown, highlighted with an orange circle)
- Policy Number: (text input)
- Plan Code: (text input)
- Group Name: (text input)
- Network Number: (text input)
- Group Number: (text input)
- Effective Date: 2/12/2025 (calendar icon)
- Expiration Date: (calendar icon)

At the bottom of the modal are "Cancel" and "Save" buttons. Below the modal, a table header is visible with columns: Order, Insurance Carrier, Type, Policy Number, Group Name, Group Number, Plan Code, Network Number, Effective Date, and Expiration Date.

16 Enter the Policy Number and click Save.

This screenshot shows the same "Add Patient Insurance" modal window. The "Policy Number" text input field is now highlighted with an orange circle, indicating where the user should enter the policy number. All other fields and the table header remain the same as in the previous step.

Patient Visit Selector

Active Patients Patient Search Daily Encounters Provider Search Staff Search Deleted

Clinic: CURITEC TEST CLINIC Provider On Record: All Providers Site Representative: All Staff Patient Search: Search for patient (Ex: D) Patient Status: Active Only All Patients Clear Search

Patient Name	Provider on Record	Staff	Last Visit	Past Visits
Page 1 of 1				

19 Click this button field.

The screenshot shows the 'Patient Visit Selector' interface. At the top, there's a header with the 'cure' logo, a user greeting 'Hello Brian Harmon!', and a 'Quick Reg' button. Below the header, there are tabs: 'Active Patients', 'Patient Search', 'Daily Encounters', 'Provider Search', 'Staff Search', and 'Deleted'. The 'Patient Search' tab is active. The search filters include: 'Clinic' (CURITEC TEST CLINI), 'Provider On Record' (All Providers), 'Site Representative' (All Staff), 'Patient Search' (Search for patient (Ex: D)), and 'Patient Status' (Active Only selected, All Patients). A 'Clear' button and a 'Search' button (circled in orange) are on the right. Below the filters, there's a table with columns: 'Patient Name', 'Provider on Record', 'Staff', 'Last Visit', and 'Past Visits'. The table is currently empty, and the page shows 'Page 1 of 1'.

20 Click "Create Visit" for the patient you just created.

The screenshot shows the 'Patient Visit Selector' interface with a list of patients. The 'Search' button is still present. The table now contains the following data:

Patient Name	Provider on Record	Staff	Last Visit	Past Visits
Griffin, Brian		Martinez, Alisha	2/11/2025	Select a Visit
Griffin, Peter				No previous visits
Mouse, Micky	Harmon, Brian M.D.	Vaughn, Misty P.T.	2/11/2025	Select a Visit
Potter, Harry		Vaughn, Misty P.T.	2/11/2025	Select a Visit

The 'Create Visit' button for 'Griffin, Peter' is circled in orange. The page shows 'Page 1 of 1'.

21 Change the Visit Date if necessary. Otherwise, click Create Visit.

The screenshot shows a patient visit creation form for Peter Griffin. The patient's name, DOB (1/1/1925), and MRN (0001088) are at the top. The form includes dropdown menus for Clinic (CURITEC TEST CLINIC), Place of Service (32 - Nursing Facility), Patient Account (0000005 (2/12/2025)), Site Representative (Please Choose), Visit Date (2/12/2025 7:16 AM), and Visit Type (Initial). A calendar icon is next to the Visit Date field. At the bottom right, there are 'Cancel' and 'Create Visit' buttons. The 'Create Visit' button is circled in orange. In the background, a list of patients is visible, including Griffin, Brian; Griffin, Peter; Mouse, Micky; and Potter, Harry. There are also 'Create Visit' buttons next to each patient name.

22 Click the + to add Clinical Participants.

The screenshot shows the 'Visit Details' form. At the top, there are fields for Patient, Reason for Visit Selector (General), Reason for Visit, Mobility Status (Ambulatory), Visit Date (2/12/2025 7:16 AM), and Physician Supervision (General Supervision (Nursing)). Below these are three sections: 'Clinical Participants', 'Non-Clinical Participants', and 'Patient Physicians'. Each section has a table with columns for Participant, Role, and Last Seen. The 'Clinical Participants' section has a '+' button circled in orange. The 'Non-Clinical Participants' section has a '+' button. The 'Patient Physicians' section has a '+' button. On the left, there is a sidebar with 'Visit Details', 'Care Plan', 'OrderTrak', and 'Complete'.

23 Choose "Testing, Doctor" as the Physician of Record

The screenshot shows the 'Visit Details' form in the Intellicure system. The left sidebar contains navigation options: Registration, Charting (selected), Documents, Reports, Resources, and Implementation. The main form area includes fields for Chief Complaint, Source (Patient), Reason for Visit Text, Reason for Visit Selector (General), Reason for Visit, Mobility Status (Ambulatory), Visit Date (2/12/2025 7:16 AM), and Physician Supervision (General Supervision (Nursing)). Below these fields are two sections: 'Clinical Participants' and 'Non-Clinical Participants'. The 'Clinical Participants' section is highlighted with an orange box and contains a table with the following data:

Participant	Role
TESTING, DOCTOR, D.O.	Physician of Record

The 'Non-Clinical Participants' section is currently empty.

24 Select yourself as the Site Representative

The screenshot shows the 'Visit Details' form with an 'Add New Clinical Participant' modal open. The modal contains the following fields:

- Participant: Harmon, M.D., Brian
- Role: Site Representative (highlighted with an orange circle)

Buttons for 'Cancel' and 'Create Participant' are at the bottom of the modal. The background shows the same 'Visit Details' form as in the previous screenshot, with the 'Clinical Participants' section visible below the modal.

25 Click "Care Plan"

The screenshot shows the Intellicure 'Visit Details' form. The left sidebar contains navigation options: Registration, Charting, Documents, Reports, Resources, and Implementation. The 'Care Plan' option is circled in orange. The main form area includes fields for Chief Complaint, Source (Patient), Reason for Visit Text, Reason for Visit Selector (General), Reason for Visit, Mobility Status (Ambulatory), Visit Date (2/12/2025 7:16 AM), and Physician Supervision (General Supervision (Nursing)). Below these fields is a section for Clinical Participants, which includes a table with columns for Participant and Role.

Participant	Role
TESTING, DOCTOR, D.O.	Physician of Record
Harmon, Brian, M.D.	Site Representative

26 Click Add Problem to create your first wound.

The screenshot shows the Intellicure 'Care Plan' form for a patient named Griffin, Peter. The form includes tabs for Problems and Education. The 'Add Problem' button is circled in orange. The form displays sections for Active Problems and Resolved Problems, each with a table for tracking wound information.

Problem type	Location	Onset	Diagnosis Codes

The screenshot shows the 'Common Problems' form in a medical software interface. The form is titled 'Common Problems' and has several tabs: 'Edema', 'Surgical Wound', 'Open', 'Chronic', 'DFU', 'VLU', and 'Pressure'. The 'Pressure' tab is selected. Below the tabs, there is a section for 'Present On Admission Status' with two radio buttons: 'Present' (selected) and 'Acquired after admission'. A dropdown menu asks 'Is this a Problem that you are actively treating?' with 'Yes' selected. The 'Choose the Problem type' section has a dropdown menu with 'Ulcer' selected. To the right, there is a search bar for 'ICD-10' with a 'Search' button. Below this, a section titled 'Choose clinical terms that further describe the Problem' is highlighted with an orange box. It contains four dropdown menus: 'Pressure', 'Buttock', 'Left', and 'Stage III'. Below this section, there are two input fields: 'Enter the Problem's Location on the Body' and 'Choose the Problem's Onset Date'. At the bottom right, there are 'Cancel' and 'Save' buttons.

30 Type the problems location that matches the facility's documentation. Then choose an Onset Date and Save.

The screenshot shows the 'Common Problems' form with the 'Pressure' tab selected. The 'Choose clinical terms that further describe the Problem' section is highlighted with an orange box. Below this, the 'Enter the Problem's Location on the Body' field contains the text 'L Lateral Buttock'. The 'Choose the Problem's Onset Date' field contains the date '2/12/2025'. A calendar widget is open, showing the month of February 2025. The date '2/12/2025' is highlighted in blue. To the right of the calendar, the ICD-10 code 'L89.323' is displayed. At the bottom right, there are 'Cancel' and 'Save' buttons.

31

Either add another problem and repeat the steps above, or click on the problem you just created if you are only entering one wound.

Treatment Orders

The plan for the pressure ulcer is to clean the area with Wound Cleanser. Apply collagen (pad) to the pressure ulcer bed. Cover with 1. bordered super absorbent. This treatment will be done daily for 1 month. Today's treatment will be performed by the wound care team and other care performed by the staff. The pressure ulcer was autolytically debrided via surgical dressings.

40 You will see a check mark next to the wound/problem once it has been completed. Proceed to "OrderTrak"

Intellicure Hello Brian Curitec

Griffin, Peter DOB: 1925-01-01 (100) DOS: 2/12/2025 7:16 AM

41 Click New Order

The screenshot shows the Curex OrderTrak interface. At the top, a blue header bar contains the Curex logo on the left and user information on the right: 'Hello Brian Harmon!', 'Curitec', and a logout icon. Below the header, a patient profile for 'Griffin, Peter' is displayed, including a profile picture, DOB: 1925-01-01 (100), and DOS: 2/12/2025 7:16 AM. A left sidebar contains navigation links: 'Visit Details', 'Care Plan', 'OrderTrak', and 'Complete'. The main content area is titled 'OrderTrak' and features a table with columns: 'Order Date', 'DME Company', 'Product(s)', 'Physician', 'Staff', and 'Status'. A large blue 'C' is centered in the table. A red circle highlights the 'New Order' button in the top right corner of the main content area.

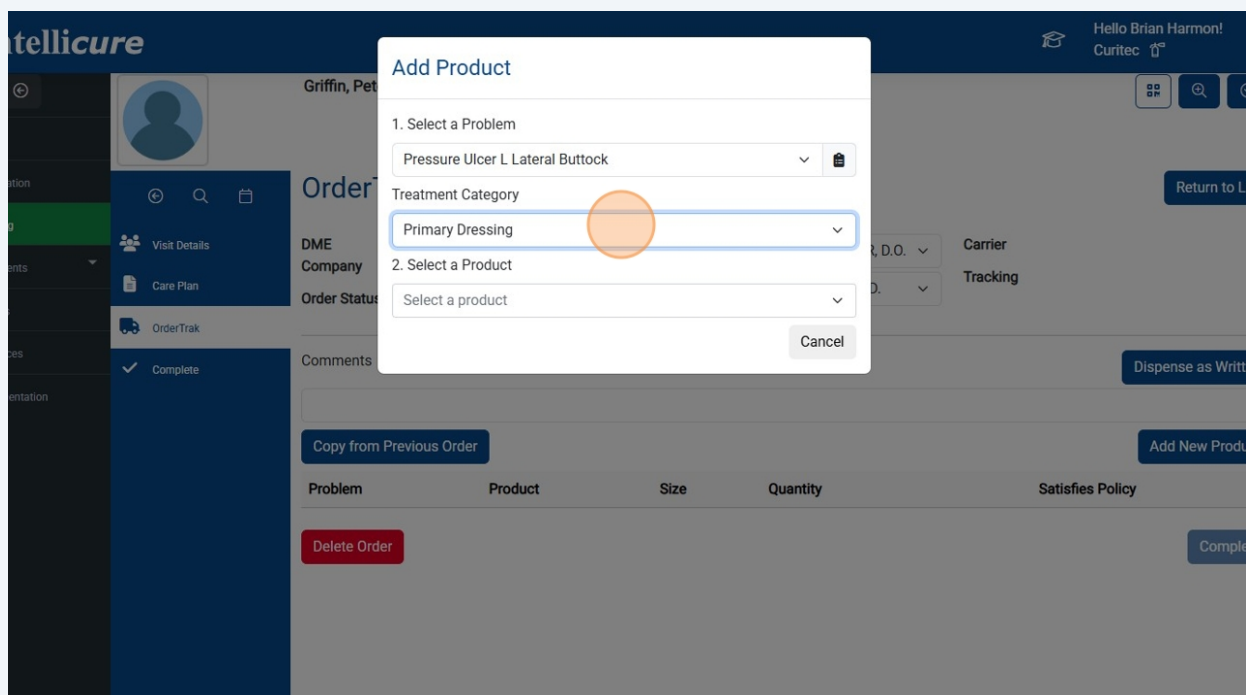

42 Click Add New Product

The screenshot shows the Curex OrderTrak interface for adding a new product. The top header bar is blue and contains the user information 'DOS: 2/12/2025 7:16 AM'. Below the header, a patient profile for 'Griffin, Peter' is displayed, including a profile picture, DOB: 1925-01-01 (100), and DOS: 2/12/2025 7:16 AM. A left sidebar contains navigation links: 'Visit Details', 'Care Plan', 'OrderTrak', and 'Complete'. The main content area is titled 'OrderTrak' and features a form with the following fields: 'DME Company' (Curitec - Standard), 'Physician' (TESTING, DOCTOR, D.O.), 'Carrier' (Harmon, Brian, M.D.), 'Order Status' (New), and 'Staff' (Harmon, Brian, M.D.). A 'Return to List' button is in the top right. Below the form, there is a 'Comments' section with a text input field and a 'Dispense as Written' button. A 'Copy from Previous Order' button is also present. A red circle highlights the 'Add New Product' button in the bottom right corner. Below the 'Add New Product' button, there is a table with columns: 'Problem', 'Product', 'Size', 'Quantity', and 'Satisfies Policy'. A 'Delete Order' button is in the bottom left, and a 'Complete' button is in the bottom right.

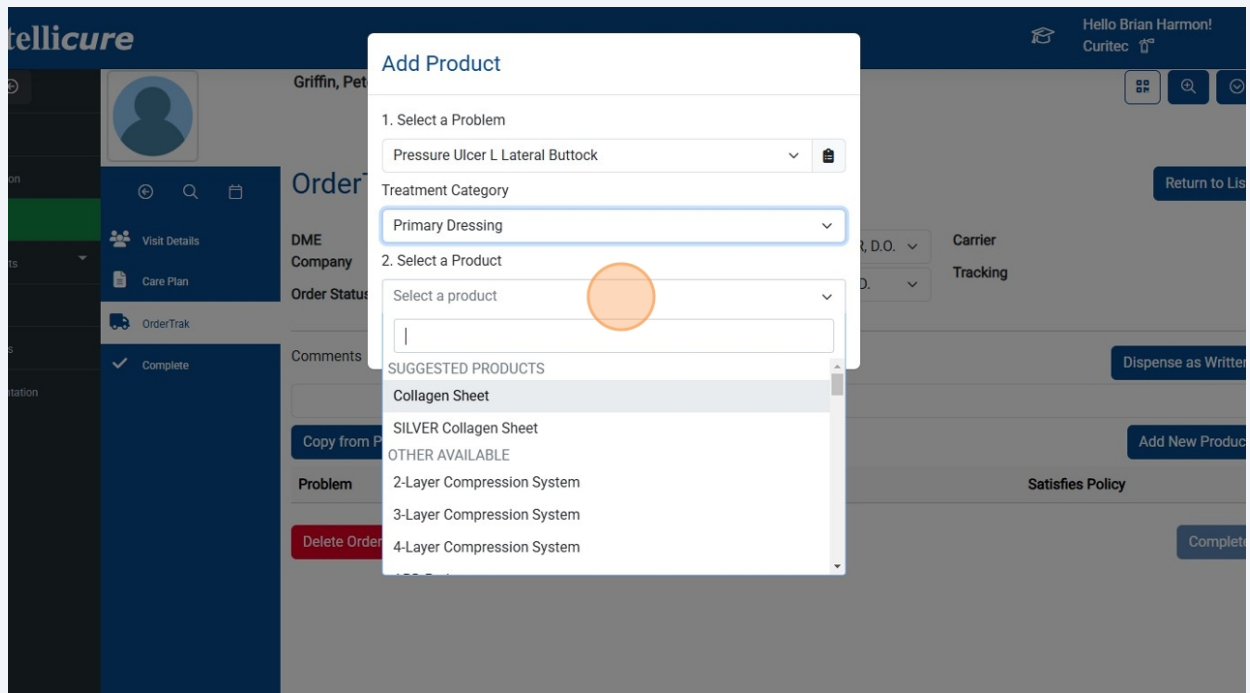

43 Select the problem you are ordering for

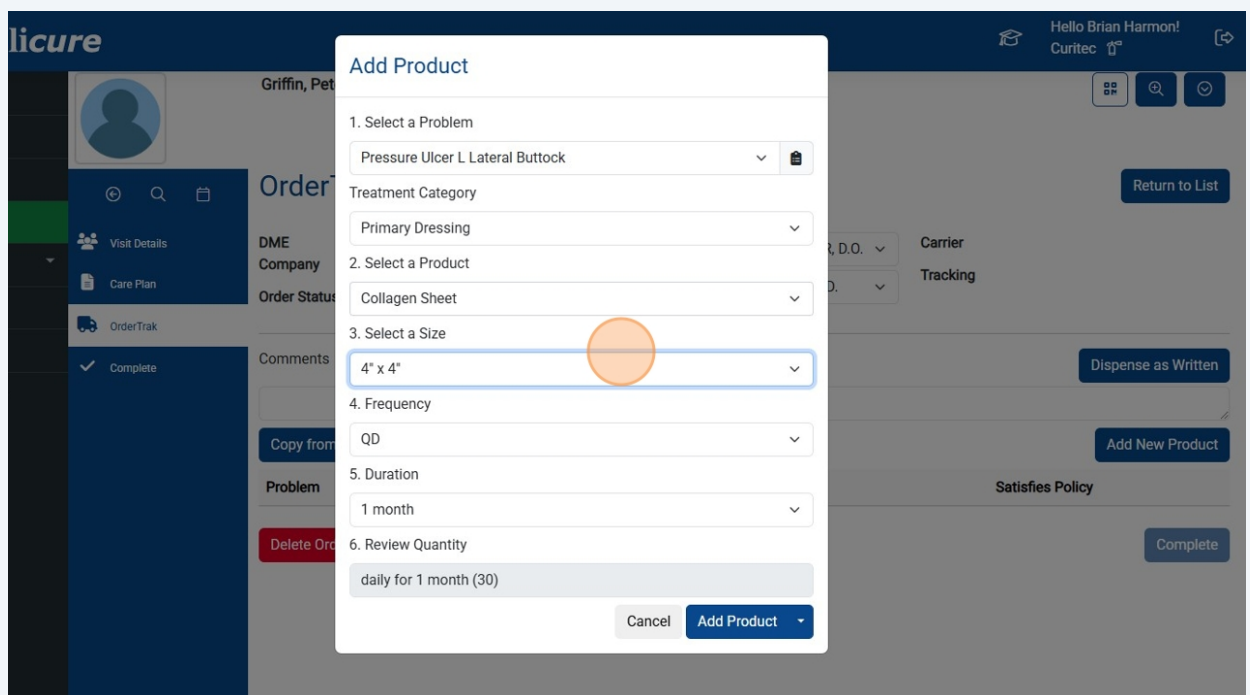

44 Select the "Primary Dressing" option.

- 45 The SUGGESTED PRODUCTS will populated based on what you chose on the Care Plan.

- 46 Select a size and make sure the FOC and Duration are correct.
